**Re: Comments of Amish & Mennonite Community Members  
*In the Matter of Updating the Intercarrier Compensation Regime to  
Eliminate Access Arbitrage, WC Docket No. 18-155***

Dear Ms. Dortch:

The attached 22 letters are being filed on behalf of members of the Amish and Mennonite communities spread throughout the United States. While I am not counsel to these Amish and Mennonite community members, I was asked by Pricing Policy Division Deputy Chief Lynne Engledow to redact certain personal information from each of the letters and then file the letters on behalf of the individuals.

As members of the Amish and Mennonite community, these individuals do not use the Internet and are therefore unable to file comments directly through the Electronic Comment Filing System. These individuals have been mailing letters to the Commission in order to have their opinions regarding the benefits of free conferencing services heard. I appreciate the Bureau staff's effort to ensure these letters are included in the public record so that the Commission's decision-making is informed by the full array of consumers that would be harmed by the elimination of free conferencing services.

Sincerely,

G. David Carter
